

The Environmental Health & Safety Department of the University of Nevada, Reno, City of Reno, Nevada Division of Environmental Protection, Washoe County District Health Department, Washoe County School District, Reno Hilton and other partners are offering a **FREE** computer recycling event for residents of Reno and the surrounding area in conjunction with the Clean & Green campaign and America Recycles Day. Bring your unwanted electronic equipment to the Reno Hilton parking lot on Saturday, October 16. Electronic systems will be donated to Disability Resources for redistribution to the needy in the Truckee Meadows or recycled responsibly.

Accepted items include any computer-related equipment - computers, computer monitors, keyboards, mice, printers, toner cartridges and other peripherals. We will also be accepting televisions(except consoles), copiers, cell phones, and other household electronics. Please remove all data from your computer's hard drive and any removable media.
